WORK ON Penticton's museum, being set up on the lower deck of the S.S. Scamou, continues this morning despite heated discussion which arose at last night's council meeting when Mayor C. E. Oliver and P. F. Eraut were criticized by their fellow councillors for raising objection now

to certain matters concerning the museum. Unmindful of the council dispute are city carpenter Neil Stebbins, left, working on the base for a display case, and museum curators, Reg Atkinson.

Mayor, Eraut Criticized For Museum Objections

Ald. P. F. Eraut and Mayor C. E. Oliver were sharply criticized by their fellow council members last night for objecting now to decisions made six or seven months ago.

The verbal blast was occasioned by objections from the party to details of the establishment of a museum on the lower deck of the S.S. Scamou.

Mayor Oliver expressed some misgivings about whether the city was getting value for its money in the alterations now underway to accommodate the museum and Ald. Eraut took strong exception to the fact that visitors to the museum would have to pay admission to the ship before entering the museum which was supposed to be free.

"Why didn't you bring all this up six or seven months ago," said Ald. J. G. Harris. "If you're trying to wreck the project this is certainly a good time to do it. We haven't got the collection of artifacts yet that is to be the nucleus of the museum and there's no guarantee that we will get it if we keep wrangling about it. Then we'll be out the \$3,500 already spent."

Ald. Eraut replied that he had voted against the scheme from the first.

ALDERMAN RAPPED
"That's true," replied Ald. H. M. Geddes. "But I take great exception to your repeating that objection now. You were voted down once and that should have been the end of it. If I am voted down now something, I'm usually man enough not to keep bringing it up. It's the same as that centennial project over which we made such laughing stocks of ourselves."

The debate came to an end with a motion by Ald. S. R. Hawkins that the minutes of the original decision on the museum be brought to council's attention at the next meeting.

Meanwhile first three readings were given to a bylaw setting up the museum aboard the S.S. Scamou and accepting a collection of artifacts from Reginald N. Atkinson as the nucleus of the museum.

When the bylaw was first introduced Mayor Oliver asked how much had been spent to date on

the renovations. Ald. Harris said the figure was \$3,500 of the \$5,000 appropriated for the project by council.

Mayor Oliver replied that he was wondering whether it might not cost considerably more even though since no display racks had been constructed yet.

ADMISSION FEE
Here it was noted that there would be no charge to visit the museum although one would have to pay an admission fee to get on the boat if one were to get to the museum.

"That's what I object to," Ald. Eraut declared. "Private enterprise (the person leasing the concession aboard the ship) controls you, setting hours and revenue

which is not returned to the taxpayers in any way."

"If it hadn't been for private enterprise there wouldn't be a ship there," remarked Ald. Geddes, explaining that it was the Gyro club's initiative and enterprise in taking over the vessel that made it possible to keep it as a tourist attraction. "Although the Gyro Club is entitled to hang on to all the ship, they are turning half of it over to the city," he continued. "So nobody is getting gypped."

"I didn't say anyone was being gypped," retorted Ald. Eraut. "I'm just not in favor of a private enterprise controlling a public museum maintained at taxpayers' expense."

Council agreed that the mayor should investigate as suggested.

The thought was put forth that perhaps some service club might take over the windmill as a meeting place and sight-seeing attraction similar to the Gyro project with the S.S. Scamou.

Ald. S. R. Hawkins added a facetious note remarking that Mayor Oliver was becoming another Don Quixote by tilting at windmills. "I'll be your squire—what was his name?—Sancho Panza, and carry your lance for you," he quipped.

OLIVER—A fire caused by electric wiring caused damage to the kitchen, and smoke damage to the rest of the house to the Tom Evans home Sunday morning about 5 a.m. Mr. Evans is away and the house was empty when the fire occurred.

The committee debate was resumed amid a tendency to regard Russia's threat to pull out of UN disarmament talks as more of a propaganda move than an actual step away from international consideration of the question.

ALLIED DEFENCE TALKS OPEN
LONDON (AP)—Paul-Henri Spaak, civilian chief of the Atlantic alliance, began talks with British leaders today on plans to shake up Allied defence efforts to meet the challenge of Russia's scientific achievements.

Spaak was in Washington last month during President Eisenhower's conference with Prime Minister Macmillan and a main purpose of his talks here is to work out arrangements for the projected meeting of 15 NATO government heads in Paris in mid-December.

HEARING ON CPR FIREMEN DRAWS TO END
OTTAWA (CP)—Royal commission hearings on CPR use of firemen in diesel yard and freight service were expected to end today.

CPR counsel Ian D. Sinclair was to reply briefly to union arguments concluded Monday by David Lewis, representing the Brotherhood of Locomotive Firemen and Enginemen CLC. Mr. Sinclair wound up the railway's case Oct. 30.

The three-man commission, headed by Mr. Justice R. L. Kellock of the Supreme Court of Canada, would then compile its report expected to take at least three months to complete.

Search for the man started after the RCMP received a report that 17-year-old Helen Coloumb had been beaten to death near her island home 12 miles north of this mining community.

Strange New Signal Heard Near Satellite

Cabinet Minister Wins By-Election

MADOC, Ont. (CP)—External Affairs Minister Smith had his own seat in the Commons today after a thumping by-election victory over a Trotskyite Communist.

When vote-counting in this Eastern Ontario riding of Hastings-Frontenac stopped for the night with 138 of the 169 polls reported, the Progressive Conservative cabinet minister had 8,947 votes and Ross Dowson of Toronto, who ran as a self-styled labor candidate, 210.

The former University of Toronto president outdrew his 40-year-old opponent almost 40 to 1.

The way was cleared for the external affairs minister's candidacy by the appointment to the Senate of George S. White, 59-year-old Madoc lawyer, who had been in the Commons since 1940 and won again in the June 19 federal election.

The Conservative victory raises to 112 their strength in the

265-seat House of Commons. The Liberals have 105, CCF 25, Social Credit 19. Two seats are held by Independents, one by an Independent-Liberal and one is vacant.

Work Continues To Restore Vital Highway Link

TAYLOR, B.C. (CP)—Workmen continued to battle the elements today to restore a vital Alaska Highway link severed by the collapse of the Peace River bridge in this northeastern British Columbia community, 35 miles north of Dawson Creek.

The \$4,000,000 bridge collapsed Oct. 16.

A seven-mile detour will begin near the southern end of the shattered bridge, wind for two miles west to the Pine River, where a temporary wooden bridge will be strung across, then proceed another two miles northwest to a 2,000-foot bridge owned by the Pacific Great Eastern Railway. It will then stretch three miles east to join the Alaska Highway at the northern tip of Taylor Flats.

Construction crews are trying to complete this route before the Peace River halts movement of the army ferry operating near the Alaska Highway.

PRINCESS COMING TO B.C.

Margaret to Visit Canada in July

LONDON (CP)—Princess Margaret is expected to visit Canada next July.

Although no official announcement has been made from Buckingham Palace, it is regarded here as virtually certain that the princess will go to British Columbia for the centenary celebrations there and later visit Ottawa and other Canadian cities.

The renewed talk about the Canadian visit coincided with a Buckingham Palace announcement that the princess will pay a short visit to British Guiana next spring.

MOST LIKELY DATE
Although no formal date is known, the expectation here is that July or early August is the most likely date for the visit.

This would coincide with the peak period of the centennial celebrations, which mark the 100th anniversary of the founding of a British colony on Canada's west coast.

One of the major attractions planned for this period is the annual Pacific National Exhibition in Vancouver during the first two

U.S. Cabinet Holds Special Planning Talks

WASHINGTON (AP)—President Eisenhower and his cabinet today discussed administration spending and legislative programs for next year against the backdrop of Russia's continuing achievement in outer space.

The president called his advisers to a special session and plans further discussion of the same domestic and foreign policy programs at Friday's regular weekly meeting of the cabinet.

This is only the sixth time since Eisenhower took office in 1953 that his cabinet has been summoned to two sessions in a single week.

Communist Gunboats Hit In Sea Battle

TAIPEI, Formosa (AP)—National warships hit and damaged two Communist gunboats and four motorized junks in a battle in the Formosa Strait early today, the defence ministry reported.

The report said the Communists initiated the action off Pingtung Island, 45 miles south of Matsui, as Nationalist warships were on patrol.

CHARLES OLIVER

Mayor Seeks Re-election

Mayor Charles E. Oliver is the first to throw his hat into Penticton's civic election ring next month.

Mayor Oliver announced today that he will run for re-election in the Dec. 12 civic elections.

A former reeve of Penticton in the 1920's when the city was still a district municipality, Mayor Oliver was elected to his post in a by-election last spring following the death of Mayor C. Oscar Matson.

Other terms expiring this year are those of Ald. A. C. Kendrick, Ald. S. R. Hawkins and Ald. J. G. Harris.

Deadline for filing of nomination papers is noon on Monday, Dec. 2.

Flying Object Sighted in Skies

NEW YORK (AP)—A mysterious radio signal not emanating from Russia's new Sputnik is baffling short-wave listeners and government officials, the National Broadcasting Company said today.

An NBC newcast said the signal is being heard near the satellite's frequency but is a different tonal pattern.

The report said that the Federal Communications Commission at first called information about the signal classified, but an FCC spokesman was later quoted as saying,

"It isn't classified. We just don't know yet what it is."

The signal as reproduced from a recording was a long note of low pitch, followed after a few seconds by two short notes.

In New Orleans, the coast guard cutter Sebago sighted an unidentified flying object over the Gulf of Mexico today. The object, seen for about three seconds, resembled a brilliant planet moving at tremendous speed.

A radio message from the ship said the object had been tracked on the Sebago's radar screen for 11 minutes before the visual contact and for 16 minutes afterward.

In the meantime, at Lubbock, Tex., a missile engineer reported seeing a "brilliant colored egg-shaped object" which stalled autos in New Mexico yesterday at about the same time the U.S. Air Force started an investigation into similar reports in this and other areas.

Witnesses say a mystery object skipped about the countryside here and near scientific military bases in New Mexico during the weekend. The reported sightings startled citizens, peace officers and servicemen but apparently left no concrete trace.

James Stokes, 45, an engineer from the USAF missile development centre at Alamogordo, N.M., told news director Terry Clark of station KALG, Alamogordo, 10 autos were stopped on an isolated desert highway between White Sands proving

grounds and Alamogordo yesterday.

Witnesses said other strange sightings were seen over other parts of Texas, near Chicago and in Virginia.

SEEN BY PATROLS
A USAF spokesman here said a representative of the air defence command had flown in from the Colorado Springs, Colo., headquarters.

Lieut. Miles Penney of White Sands said the glowing object was sighted by two different military patrols on the Mille testing range 17 hours apart.

Ell Haggard, information officer, said one patrol described it as "about 200 feet long and about 75 feet in diameter."

"The object, if it was an object sighted," Haggard said, "has absolutely no connection with White Sands proving grounds."

Plane Crashes With Romanian Official Aboard
MOSCOW (AP)—An informed source said today that an airliner carrying Romanian Prime Minister Chivu Stolica crashed in bad weather at Moscow airport.

The source said that Stolica had not been killed.

The source said that he could not confirm that anyone had lost his life in the crash.

Tories Waging Election Battle

(By BRUCE LEVETT)
Canadian Press Staff Writer

TORONTO (CP)—The Progressive Conservative party needs 40 more seats in the House of Commons and it is "fighting an election campaign right now" to get them, Solicitor-General Leon Balcour said today.

Speaking to more than 1,000 delegates to the annual convention of the party's Ontario body, Mr. Balcour indicated that a major effort to expand House membership would be made in Quebec.

"I don't think the date matters very much. The federal campaign is on and we are fighting an election right now. The people of Canada deserve an election soon and Prime Minister John Diefenbaker deserves one," he said.

Conservatives now have 112 seats in the 265-seat House, Liberals 105, CCF 25 and Social Credit 19. Two seats are held by Independents, one by an Independent-Liberal and one is vacant.

Police identified the victims as Mrs. Patricia Murphy, 30, and her three-year-old daughter Rosalind. Both had been shot through the head with a .22-calibre rifle.

Police said a family car was missing and road blocks were set up.

The juvenile was picked up at Parry Sound on Georgian Bay, 55 miles north of Orillia.

Plane Helps Police Search For Armed Man

SHERIDAN, Man. (CP)—A plane was sent north today to help RCMP officers searching through desolate bush country for an armed man wanted in connection with the death of a young girl.

Search for the man started after the RCMP received a report that 17-year-old Helen Coloumb had been beaten to death near her island home 12 miles north of this mining community.

Fruit Processing Plant Powered By Natural Gas

KELOWNA—The simple turning of a valve yesterday opened another era in British Columbia's rapidly expanding fruit processing industry.

In this way, without ceremony, natural gas started to power the automatic steam generators of B.C. Fruit Processors Ltd. No. 2 plant in Kelowna.

It was the first industrial use of natural gas in the Interior of British Columbia. For the fruit processing industry it means a new high in plant efficiency and a marked advance in the almost clinical cleanliness that is a constant watchword in all plant operations.

Far from the cry of old-fashioned boiler rooms, all equipment in the recently renovated area is shining clean. Even the floors are spotless. Smoke from the high stack is a thing of the past and, of great importance to industry officials, there is now a complete lack of sooty dust particles in the air at the plant.

VICTORY NEAR

Felix Galliard, youngest man to seek the French premiership in more than 75 years, appeared certain today of winning National Assembly approval.

Endorsement of Galliard and a cabinet drawn from all factions except the Communists and the extreme right Poujadists would install France's 24th post-war government and end a 36-day government crisis.

SUN LIFE MEN HOLD DISTRICT GATHERING HERE

Local and district representatives of the Sun Life Assurance Company of Canada, Ltd., are shown here during a meeting and social gathering in Penticton. Special head office visitor was Peter Mathewson of Montreal, assistant superintendent of agencies for Western Canada. Others present included Harry A. Shannon, of Trail, branch manager and John Forbes of Trail, district super-

visor and his wife. The event included a cocktail party for some 27 guests at the residence of Mr. and Mrs. Stafford Wilson of Penticton and a banquet in the Hotel Prince Charles. Special awards were presented to Van DeWest, Douglas Ross, and Desmond Oswell.

Exploration Of New Tax Fields Urged

OTTAWA (CP) — Exploration of new tax fields to meet old age pension costs was suggested yesterday by Alex Macdonald, CCF, Vancouver Kingsway.

"In Commons debate on government legislation to raise to \$55 monthly the present \$46 federal old age pension, he said pension costs are met largely out of a two-per-cent levy on the first \$3,000 of personal taxable income.

"A man earning \$3,000 yearly thus contributes \$60 annually and so does the man earning \$50,000 a year," he said. Taxation should be based on ability to pay. "There was no contribution from capital gains, such as stock market earnings," the source from which the "great" unearned incomes in Canada are derived. "These are real fields of taxation which ought to be taxed to meet the real needs of our senior citizens."

Improved Street Lighting Reported

Installation of three fluorescent street light fixtures on South Main Street, first of several being installed on loan for trial and approval, was reported to city

Housing Loan Program Said "Going Well"

OTTAWA (CP)—Works Minister Green says the government's program to make \$150,000,000 available for low-cost housing is going "extremely well." He also said in the Commons, in reply to H. J. Robichaud, Gloucester, that nearly \$120,000,000 worth of loans have been approved or applied for. The minister told C. E. Johnston SC-Bow River he could not give the number of housing starts because a borrower has 90 days to start building.

council last night by A. B. Amundsen, head of the city's electrical department.

A total of 26 street lights were replaced during the week with 71 turn-ons and cut-offs, and three new services. Inspections made totalled 64.

Work completed during the week included revamping of Westminister Avenue East, running of a primary line on Atkinson Street, installation of a new street light on Atkinson Street, installation of a new transformer on Railway Avenue and changing of a transformer on Vancouver Avenue.

Revamping of the Pine View Road circuit was also commenced.

Model Prisons Tougher Says B.C. Warden

VANCOUVER (CP)—Those who think that "model prisons" make life easy for their inmates are mistaken, says Warden Jim Nelson of British Columbia's new correctional institute at Haney.

"If anything," he said in an address before the Junior Chamber of Commerce "model prisons are tougher for lawbreakers. "Model institutions put tremendous pressure on inmates to 'make something of themselves.' They are not only encouraged to reform themselves. It is required.

"An inmate now must accept responsibility and make decisions about his future. That is not easy." The background of a prisoner is thoroughly investigated before he is "selected."

Navigation Test Flight Finished

QUEBEC (CP) — A test flight ended here today inaugurating the newest link in a system which allows pilots to follow their courses through the air as easily as a motorist follows a highway. The flight, made by an RAF Valiant jet bomber from England via Ireland and Gander, Nfld., was using the Bendix-Decca radio navigation aid produced by an Ottawa company.

The components making up the system are on display at the Air Industries and Transport Association's annual meeting here.

Farm Bartering Slows to Halt

WASHINGTON (AP) — The bartering of government-owned farm surpluses for strategic materials in other countries has come to a virtual halt.

The agriculture department reported today that only one barter deal involving \$400,000 worth of farm commodities was made during the July-September quarter. This compared with deals for \$64,280,000 in the corresponding period last year.

The department tightened up on barter transactions during the last quarter because, officials said, many were doing nothing more than to replace sales for dollars which otherwise would have been made.

Falling Rocket Object Sighted By Hunters

QUEBEC (CP)—Duck hunters of nearby Lauzon, Que., today reported having seen a red spherical object falling from the sky Saturday.

They said it appeared to have fallen into the St. Lawrence River off Quebec harbor.

The sightings were similar to those of Jacques Hebert, physics professor of Ottawa University, who reported seeing a rocket-shaped object falling near Quebec during the weekend.

Mr. Hebert, driving towards the city at the time, described the thing as rocket-shaped, with a long blue body and a red head.

Commons Passes Boost in Pension

OTTAWA (CP) — The Progressive Conservative government's proposed \$3-a-month boost in federal old age pensions received final Commons approval last night in a whirlwind windup to a dragging debate.

In its wake remained a hint by Health Minister Monteith that further increases in living costs might bring about another pension rise later.

But there was no answer to the question of how the increase — the second this year — will be financed.

The bill will raise to \$55 monthly from \$46 the universal pension to those 70 and over, received by 810,000 Canadians. The measure, to take effect in month-end cheques for November, now goes to the Senate for passage and royal assent.

Dog in Satellite Reported Doomed

LONDON (Reuters) — Professor Antoly A. Blagonravov, head of the Soviet satellite project, is quoted by the Daily Mirror as saying the dog in the second Russian satellite is doomed.

The newspaper's science correspondent says he telephoned the professor in Moscow.

He asked: "Is there some braking system in Sputnik II to enable it to return to earth?"

Blagonravov told him, "There are no brakes."

The correspondent asked, "Will the dog return to earth?" The professor said "No."

"Will it die in space?" Professor Blagonravov replied "Yes."

Airport Grant Change Planned

OTTAWA (CP) — The government is considering changes in the basis for federal grants to Minister. Hees said yesterday in the Commons.

He spoke in French in reply to a question asked by Auguste Maltais L-Charlevoix, but gave no details.

Gov't Advance For CNR Okayed

OTTAWA (CP) — The Commons yesterday gave initial approval for a government advance to the Canadian National Railways to buy one 30-mile railway spur line and build another of 52 miles, both in northern Manitoba. Their estimated cost is \$14,240,000.

A resolution, adopted by the House, authorized construction by the CNR of a 52-mile rail link between Optic Lake and Chisel Lake, some 75 miles north of The Pas, Man., to cost \$8,840,000.

It also authorized the CNR to purchase from the International Nickel Company of Canada a 32-mile spur line from Sipiwesk, on the Hudson Bay Railway line 450 miles north of Winnipeg, to a point near the junction of the Burntwood River and Mystery Lake.

MP Attendance Record Proposed

OTTAWA (CP) — Legislation to establish a public record of attendance by members in the House of Commons was proposed yesterday by Merwyn Johnson, CCF-Kindersley.

An explanatory note to the bill states its purpose "is to acquaint the Canadian people with the attendance of their elected representatives in the Parliament of Canada."

The bill, which received first reading in the Commons, proposes that the attendance of members "shall be taken during each sitting day and a list of members present annexed to the votes and proceedings of the House of Commons each day". The votes and proceedings are the official minutes of Commons proceedings.

This practice is followed by the Senate.

Russia Discovers Nature's Secrets?

LONDON (Reuters) — Soviet biologist Trofim Lysenko was quoted by radio Moscow last night as saying Russia has "mastered the art of directing nature."

PROVINCIAL ROUNDUP

PROJECTS CANCELLED

VICTORIA (CP) — Two projects for the Navy yards here, involving a projected outlay of more than \$1,000,000 have been cancelled by the Department of National Defence. Plans have been abolished for construction of an armament depot at HMCS Dockyard and for a sports field at HMCS Naden.

REJECT WAGE OFFER

NELSON (CP) — Four construction firms have turned down wage agreements proposed by the provincial labor department. The scale represents increases of 40 cents per hour for carpenters by July 1, 1958. A conciliation board failed to reach a decision here Oct. 9, and the matter was submitted to Victoria.

NARCOTICS STOLEN

BURNABY (CP) — More than \$1,000 in cash and narcotics with a retail value of \$25 were stolen from a drugstore here. RCMP report an upstairs office was entered by forcing a window. A hole was sawed in the floor to gain entry to the drug store. About \$300 of the money taken was from sub-post office in the drug store.

DECLINES TO STAND

SAANICH (CP) — A second council sent was opened to the field in December with the announcement that former Reeve Joseph Casey will not see re-election as a councillor. Defeated in a bid for re-election as reeve two years ago, Mr. Casey returned to office as a councillor in a by-election.

COOPER CONTRACT SIGNED

VANCOUVER (CP) — A contract for sale of some \$5,000,000 worth of British Columbia copper concentrates in the next two years has been negotiated between Cowichan Copper Co. Ltd. and Japanese interests, it was learned here. Oswald G. MacDonald, Cowichan president, said in an interview the contract will involve the entire output of the company's Vancouver Island mine. He returned recently from Japan after arranging the contract.

AIRPORT AGREEMENT

VANCOUVER (CP) — Vancouver's new agreement with the federal government for operation of International Airport here assures federal financing for a multi-million-dollar terminal and runway system needed to meet demands of the jet age. Ald. Halford Wilson, chairman of the airport board, said the new five-year contract has arrived from Ottawa. It contains a clause which assures federal participation in Vancouver's 10-year plan for airport expansion.

PLANE SKIDS TO SAFETY ON FOAM COVERED RUNWAY

Foam sprayed by airport workmen makes a winter scene of this plane landing at Los Angeles. When the landing gear was found to be not operating, the pilot circled the airport for an hour, then set the plane down on the runway, which

was covered with foam to facilitate skidding. Then more foam was poured on the engines in case they burst into flames. All passengers filed safely out.

200 Attend Opening of United Church Addition

SUMMERLAND—Over 200 persons attended dedication and official opening of the new \$35,000 Christian Education addition to Summerland United Church Sunday afternoon.

The addition includes greatly enlarged, comfortable quarters for 12 classrooms, better hall facilities, kitchen improvements, minister's study, office and storage space.

Rev. C. O. Richmond, minister, was in charge of the services. There was special senior choir music under the leadership of the

Dr. H. P. Barr Elected Head Of UBC Alumni

Dr. H. P. Barr was elected to succeed W. T. Halcrow as president of the UBC Alumni at the annual meeting Sunday evening at the home of Mr. and Mrs. Harley Hatfield, Vancouver avenue.

Others chosen to hold office for the ensuing term were: T. L. R. LePage, vice-president; H. D. Pritchard, treasurer; Mrs. Odette Mathias, secretary, and Miss Jean Farley, social convener.

Those elected to the general committee included George Des-Brasay, W. A. Gilmour, Miss Grace d'Aoust, Mrs. Bert White, Harley Hatfield and Mrs. Frank Laird.

Annual reports and plans concerning the forthcoming year highlighted the business of the evening preceded by a buffet supper for the 40 present. Mrs. Chris Brown presided during the refreshment hour.

Big Upsurge in Construction

Value of new construction in Penticton took a \$650,000 jump during October to put building totals for the year ahead of 1956 according to the monthly report to city council from the building inspector.

Total value of building permits issued last month was \$651,798 compared to \$162,098 for the same month last year. This brought the building total for this year to \$2,327,392 compared to \$2,038,076 for the same period last year.

Included in last month's permits were 92 residential permits totalling \$268,916 and 12 industrial for a value of \$382,880.

Ask Full Report On Dam Work

All work on Penticton's storage dams in the hills east of the city is now completed, city council was advised last night in a report from the consulting engineer, D. K. Penfold.

Council is asking Mr. Penfold to submit a detailed report of the work done on each dam.

The work includes installation of a new culvert and plugging of the old one at Number One Dam on Penticton Creek; adjustment of the gate and stem on Penticton Number Two and repairs to Ellis Creek Number One and Number Four.

Council Briefs

ZONING CLARIFIED

M. G. Choukalos appeared at city council meeting last night to protest rezoning of the Hines-Newton subdivision along Bennett Avenue from Main street to Manitoba Street from an RS-3 area to an RS-2 zone. Since the new zone requires lots to have a minimum frontage of 60 feet compared to 50 feet in the old classification, Mr. Choukalos thought this was forcing him to subdivide his property into two lots rather than three. He was told that when he is ready to subdivide he can refer his case to the zoning board of appeal if his application is refused by council.

START NEGOTIATIONS

The International Brotherhood of Electrical Workers local gave notice they wish to reopen the agreement with the city. Among the changes in the present agreement proposed is a wage classification for storekeeper, now under jurisdiction of the Civic Employees Union. Council is asking for a complete list of changes suggested by the union.

LEASE FROM GOV'T

Council authorized signing of an agreement for lease by the city from the provincial government of one of two lots at the north end of Martin Street at \$50 per year. Second of the two lots is being purchased by the city from the provincial government. The two lots are the location of the city's Okanagan Lake pump-house.

Remembrance Day Services Outlined

Penticton city council will attend Remembrance Day Services next Monday, conducted by Branch 40, Canadian Legion, in a body, it was decided last night.

George Carter, Branch 40 president, and Pete Adams, secretary-manager of the branch, outlined the Remembrance Day plans at the weekly council meeting. The council will permit a parade to hold the annual poppy day on Saturday. It was suggested that council might wish to proclaim Saturday as Poppy Day, which will be conducted by members of the Legion Ladies' Auxiliary.

Remembrance Day observances will include a public service in the high school gymnasium and a parade to the cenotaph for laying of wreaths.

Sunday evening, just prior to Remembrance Day, a civic service of remembrance will be held in St. Andrew's Presbyterian Church.

LEASE APPROVED

Leasing of a triangle of land on Robinson Street adjoining the old age pensioners' club rooms on Westminister Avenue, to D. Steele and Associates, was approved by council. Rental is to be \$50 per year plus taxes. The property is to be used for a parking lot.

30 DOGS IMPOUNDED

A total of 30 dogs were impounded in Penticton during October, city council learned last night in the poundkeeper's report. Twenty-seven of the 30 animals were redeemed with two being sold or destroyed and one still impounded.

METER REVENUE UP

Penticton's revenue from parking meters is up about \$800 from last year to the end of October, according to the monthly report of the traffic superintendent. Receipts for October totalled \$1,099 bringing the year's tally to \$11,833 compared to \$11,039 for the same period last year. Eighty-four parking tickets were issued in October bringing the total for the year to 304.

ACTING MAYOR

Ald. P. F. Erault was named Penticton's acting mayor for the next two months succeeding Ald. S. R. Hawkins in that post-operative when Mayor C. E. Oliver is not able to be present at any city function.

TAX COLLECTIONS BEST IN MANY YEARS; 97 PERCENT

Penticton's 1957 property tax collections have been the best in many years, reported city treasurer, H. W. Cooper, to city council last night.

Mr. Cooper said 97 per cent of the \$839,697 current tax levy had been collected up to 6 p.m. that day, deadline for penalty-free payment.

Taxes remaining unpaid now incur a 10 per cent penalty. If unpaid after Dec. 31, interest of six per cent will also be charged.

Percentage of taxes paid by the deadline date last year was 96 per cent. By the end of the year, 96.58 per cent of the taxes had been paid.

Council gave Mr. Cooper a hearty vote of thanks for his hard and longwork on tax collections with a staff reduced by five.

Students Should Set Up Code of Ethics

SUMMERLAND — Dr. T. H. Anstey, guest speaker at the banquet in connection with the seventh Senior Students' Council Conference in Summerland High school, challenged the students to establish a "Code of Ethics" to be adopted by high school students.

This, he suggested, would correspond to the ethics recognized by professions in all parts of the world. "It should be positive... and define 'what should be done.' It would broadly define dress, behavior, and most important of all student attitude toward studies."

It should also contain "the broad principles to be followed by students in certain age groups with respect to their relationship with the general public, their parents, their teachers and students of the opposite sex as well as of their own sex."

"The advantages of having a code of ethics are numerous," Dr. Anstey continued. "The main advantage as I see it, is that all students would be working to the same conditions. As things are today some students feel that certain types of behavior are acceptable while other types of behavior are not. Other students appear to have no standard of behavior and are at a loss to know what action to take under certain conditions."

He said conventions had two parts, the formal and informal portions, both of which are extremely important.

"Unfortunately some people refuse to attend a convention or, if they do attend, they contribute nothing to the convention and therefore receive nothing from it," Dr. Anstey noted. "Such an attitude is a loss only to the person with this frame of mind."

"I have always found that when one encounters a problem in a particular field," he continued, "the thought immediately arises that this problem is peculiar to one's self. Nothing could be further from the truth. This fact is brought out strongly when a group of people doing similar things meet in convention. I am sure that you will already have found each of the student councils represented here have problems very similar to one another."

FRESH APPROACH

"Now, knowing that other students' councils have the same problems and knowing different

HONOR CARRIER

Figure skating is the chief interest of 15-year-old Vernon Hartt, 495 Nelson Avenue, a Penticton Herald carrier boy who puts most of his savings into skating equipment and lessons. Vernon, who has had a Herald route for about two years, practices figure skating six hours a week under instruction from Glangary Figure Skating Club professional Miss Delores Causier. He is a grade eight student at Penticton Junior-Senior High School.

GUILD'S CONVENTION

Oliver Guides were hosts to a Guide Patrol Leader's Convention over Saturday and Sunday when about 20 Guides from Grandforks, Greenwood and Osoyoos gathered here for meetings. There were entertained to lunch on Saturday by the Association and went for a hike and cooked supper outdoors Saturday afternoon. The convention finished with a church parade on Sunday.

Drainage, Sewage Plan For Skaha Lake Area

A sewage lagoon and drainage plan for the Skaha Lake area was discussed by Penticton city council last night.

Mayor C. E. Oliver outlined why he felt the plan was a good one and should be proceeded with. Rest of council, however, was divided on the subject, general feeling being that extension of domestic water service to the Skaha Lake area should be the first consideration and that there was no immediate need for sewers.

Any final decision will await report on a cost survey now being made for the sewage-drainage plan by Dr. D. R. Stanley of Edmonton.

DRAINAGE DITCHES

Mayor Oliver said he had examined a contour map of the area which showed a 10-foot drop southward and a five-foot drop westward indicating that "one or two drainage ditches" running east and west would drain the whole area. The ditches would carry the drainage, apparently coming from Ellis Creek seepage, into a sewage lagoon in a slough near the Okanagan River channel, with a minimum of pumping.

Ald. J. G. Harris pointed out that the plan would have to be financed on a drainage area basis to which the mayor agreed. "It would be the only fair way to have everyone contribute," His Worship remarked.

"Domestic water is the first need," pointed out Ald. S. R. Hawkins. "We could let the area

build up considerably before putting in sewers."

"I can't see any need for worrying about sewers now," declared Ald. H. M. Geddes. "They need water first and that's what we should concentrate on unless we can handle both water and sewers."

"It wouldn't be a costly job," returned Mayor Oliver. "The new school on Green Avenue is to have a \$6,200 septic tank and we could probably put in the sewage lagoon for not much more."

It was finally agreed that no decision could be made until Dr. Stanley's survey of costs was available in about three weeks time.

CITY & DISTRICT

Tuesday, November 5, 1957 THE PENTICTON HERALD 3

Seeks Water Hook-Up Levy

Penticton city council feels that municipalities should be empowered to more equitably distribute the cost of water service installations to largely unsubdivided areas by means of a special increased connection charge levied against each lot as the properties are subdivided.

A resolution urging amendment of the Municipal Act to grant such authority, will be presented to the quarterly meeting of the Okanagan Valley Municipal Association at Lavington Hall near Vernon, Nov. 14 it was decided last night.

Ald. P. F. Erault, who proposed the resolution, pointed out that under present legislation, residents in a largely unsubdivided area must pay the cost of the waterline extension alone. As adjoining properties are subdivided they get the water service without sharing any of the original extension cost.

This holds true where a water main is laid past an unsubdivided area.

Financing such water service extensions on a local improvement basis also proves practically impossible since the owners of the unsubdivided areas refuse to agree to the major portion of the local share of cost that they would have to assume.

All council members except Ald. A. C. Kendrick along with the city clerk, city treasurer, assessor and building inspector are to attend the Nov. 14 meeting.

PASSING PARADE

VOTERS LIST UP

An increase of 159 names is noted in Summerland's voters' list bringing the total entitled to vote in the civic elections next month to 1,624. Increase is due to new owners and the new classifications of tenant electors and resident electors.

W. FORSYTH DEATH

William Forsyth, 72, of Edinburgh, Scotland, formerly of Penticton, died suddenly Nov. 3 in Scotland. He is survived by two daughters, Mrs. Peter Marlaire, of Penticton, and Mrs. Charles Adams, of Terrace; one grandson at Terrace; two brothers in Edinburgh and a sister in Johannesburg, South Africa.

ATTENDING COURSE

Group Capt. C. E. Tennant, Civil-Defence Officer for Penticton and district, left Saturday morning by plane for Civil-Defence headquarters Ayrnrior, Ontario, to attend a Civil Defence Orientation Course.

SPEAKERS STOLEN

Three juveniles, appearing before Magistrate H. J. Jennings, at Penticton yesterday on a charge of stealing speakers from the Twilight Drive-In, were remanded for eight days. Police said a number of speakers have been stolen recently even though they are useless except for drive-in purposes.

DRIVERS FINED

Edward James Allcroft, of Penticton was fined \$150 and costs in Penticton police court yesterday on a charge of impaired driving. Fined \$25 and costs for operating a motor vehicle without a drivers' licence, was Joseph Krizman, of Vancouver. The cases were heard before Magistrate H. J. Jennings.

FLU GONE

The flu epidemic in Oliver is just about over. School attendance is almost normal and is expected to be normal by the end of the week.

Friendly as a Pup

If pups could talk, they'd probably say we're "friendly as people." And it takes all kinds of friendly people to bring you dependable 24-hour-a-day natural gas service.

The people at the local office of Inland Natural Gas Co. Ltd. are ready to serve you at any time... to answer any questions you may have concerning the efficiency and economy of natural gas and the installation of natural gas piping and appliances.

The people at your bank are ready to help you, too. If you own your home, they can arrange a convenient Home Improvement Loan so you can prepare now, pay later, for the convenience and economy of natural gas.

Act now. See the friendly people at Inland Natural Gas Co. Ltd. today.

VERNON CHURCH CHOIR SINGS AT NARAMATA

The Vernon United Church Choir presented a concert of sacred and other musical selections before an appreciative audience last evening at the Naramata Christian Leadership Training School. The evening's program was held in conjunction with the official opening of the 11th winter term at the church school. Forty newly enrolled students representing centres in this province, Alberta and India, were among the many present for the very enjoyable

musical event. The Vernon mixed choir is one of the most outstanding choral groups in the B.C. interior and has been a consistent winner of music festival awards. Mrs. Stephen Temple is director of the choir consisting of forty voices. Soloist at last evening's concert were Mrs. Cecil Dirk, soprano; Miss Dawn De Jong, contralto; David de Wolfe, baritone, and Thomas Hall, tenor.

GREATCOAT

BY ALICE ALDEN

The greatcoat comes into its own this year, marked by tweeds and other woollens of real beauty in weave and color. A magnificent tweed in beige and brown mixture makes a superb coat from the collection of Monte-Sano and Pruzan, a famous coat designer. Wide pleats in the centre back of the skirt are pressed flat by the self belt. The line is restrained yet easy and it adds up to a fine coat for town, country or travel.

SUMMERLAND SOCIALS

Article Will Appear in Historical Magazine

SUMMERLAND—Dr. F. W. Andrew has completed an article on Summerland's Fish Hatchery which will be published in the next issue of the Okanagan Historical Society's quarterly magazine.

Capt. D. O. Knipfel, former minister of Summerland Baptist Church, now a chaplain with the Canadian Army at Winnipeg, is leaving this month for Germany. Mrs. Knipfel and their children will follow shortly.

A number of Summerland people attended the auction sale of Toni Onley's paintings at Penticton on Saturday night and bought a varied selection of them.

Miss Topham-Brown of Vernon was a weekend guest of Mrs. M. E. Colas.

Mrs. J. Y. Towgood has been at Vernon where she was called

CHINESE LEGEND

We won't vouch for this item of information, but it's a delightful tale: Once upon a time in China there lived a craftsman who became famous for his jewel boxes and cabinets. These he finished with the juice from a tree, giving them a satiny gloss. His name was Ting Pain and it became synonymous with smooth, gleaming surfaces. Written in western style, Ting Pain became Pain Ting, and that the legend claims, is origin of our word "paint".

LET'S EAT

Here is an Easy Menu If You Entertain at Tea

"This week, Chef," I said, "let's give our column a hostess slant and feature several forms of entertaining. The simplest is afternoon tea."

"That, Madame, I must admit is something at which the British excel," he replied. "You might say it is their specialty."

EASY TO SERVE

"The service of everyday afternoon tea is easy, Chef, especially if the tea things are always kept in one place."

"First, you need a large tray. I like my new one of hammered aluminum, because it's so light."

"China, porcelain, pottery, or glass cups and saucers are all appropriate. Then a teapot for the strong-brewed tea and an extra pot for hot water for diluting the tea, if necessary, both kept hot over a two-way candle stove."

"Add a bowl of sugar tablets, a pitcher for milk, a plate and fork for sliced lemon service, teaspoons — and there you are!"

"Voila, Madame, but what about the petits fours?"

LITTLE CAKES, TOO

"Oh, you mean the little cakes! Let's have them by all means. Thin bread and butter and cross sandwiches are nice, too. And we might include low-calorie artichoke rusks for reducees."

"When afternoon tea turns into a party, refreshments are usually more elaborate."

AFTERNOON TEA MENU

Raspberry Jam and Cream Cheese Fingers

Almond Chicken Paste Rounds

Fruitcake Bites

Tea

All measurements are level; recipes proportioned to serve 4 to 6. RASPBERRY JAM AND CREAM Cheese Fingers: Cream together 1 (3 oz.) pkg. cream cheese, 3 tbsp. butter, ¼ grated raw apple and ¼ c. raspberry jam. Spread on strips of whole wheat or en-

riched bread. Decorate each "finger" strip with half a maraschino cherry or a small slice of red-skinned apple, brushed with pineapple juice to prevent discoloration.

ALMOND CHICKEN PASTE ROUNDS

Combine 1 c. fine minced cooked or canned chicken, ¼ c. ground blanched almonds and 3 tsp. butter or margarine. Blend until smooth.

Spread on rounds of enriched white bread. Decorate with halved salted almonds, or with halved, seedless grapes.

Fruitcake Bites: Sprinkle 6 thin slices fruitcake with a little sherry or rum favoring. Cover and let stand 1 hr.

Put together sandwich fashion with hard sauce sparkled with grated orange rind and rum favoring. Cut in domino-sized pieces.

TOMORROW'S DINNER

Tossed Green Salad

Baked Lamb Hash

Mashed Potato Topping

Beets with Horseradish Sauce

Pear-Orange Pudding / Coffee / Milk / Tea

PEAR ORANGE PUDDING

Make up 1 pkg. instant vanilla pudding, using ½ c. orange juice and 1 c. milk. Cool.

To serve, put ¼ chilled canned pear in each dessert dish. Spoon around the "prepared" pudding. Garnish with seedless green grapes.

TRICK OF THE CHEF

Season lamb hash before cooking with ¼ tsp. dried mint flakes.

The best way to clean an electric percolator is to put a cleaning solution in it and let "perk". A solution of one quart of water and one tablespoon soda or cream of tartar is suggested to remove rancid coffee flavor and odor.

Women

AROUND TOWN

OES Members Attend International Meeting

Edina Chapter, No. 33, Order of the Eastern Star, was well represented at the annual fall luncheon meeting of the International East Matrons and Patrons Club held at Princeton on Friday.

Among those from the local chapter attending were Mrs. J. L. Hooper, Mrs. John Hope, Mrs. George Phipps, Mrs. J. G. Webster, Mrs. George McDonald, Mrs. Cliff Greyell, Mrs. W. Watts, Mr. and Mrs. Stanley Dicken, Mrs. Crawford English and Mrs. G. P. Tinker. Other OES members were there from Twisp, Omak, Oroville, Vernon, Kelowna and Summerland.

A luncheon served by the hostess chapter in the Masonic Hall preceded the business of the afternoon when reports were read and a new slate of officers elected.

Mrs. B. Hoffman of Revelstoke was elected to succeed Mrs. C. Pentz of Omak as president for the ensuing term; Mrs. R. Mallison of Oroville is the new vice-president, and Mrs. Frank Ryall of Vernon is secretary. Elected as trustees were Mrs. Stanley Dicken, Naramata, and Mrs. G. Samos of Twisp.

The next meeting of the international group will be held at Twisp in May.

Mrs. Forrest Rogers of Vancouver is a guest at the home of Mr. and Mrs. P. D. O'Brien, Skaha Lake.

Miss Barbara Davenport has returned to Penticton after spending several days visiting friends in Kelowna.

Mrs. Rod Lindsay flew in from Vancouver to spend the weekend visiting with her parents, Mrs. H. A. Soulsby, a patient in the Penticton Hospital, and Mr. Soulsby, Bennett Avenue.

The Wo-He-Lo Circle of the Penticton United Church will meet tomorrow at 8 p.m. at the home of Mrs. A. J. R. Fuller, 467 Scott Road.

Mr. and Mrs. S. E. Guile and Mr. and Mrs. L. A. Grove left yesterday for Vancouver to attend the annual three-day B.C. Hotelmen's convention opening today.

Among those from other centres in Penticton to attend the funeral of the late Herb Baker yesterday afternoon were his daughter, Mrs. Gordon Amy of Victoria, and his grandchildren, Charles Baker of Vancouver, and Mrs. Ron Buck, and Mr. Buck of Kamloops.

Birthday Party is Held at Valley View

A surprise party at Valley View Lodge on October 8 honoring Rev. G. P. Tasker, lodge chaplain, on the occasion of his birthday anniversary was a pleasing highlight at the seniors' home last month.

The tables were arranged in banquet style and were tastefully decorated with autumn flowers and leaves. Seventeen birthday cakes, including one special cake for the guest of honor, were spaced upon the tables. These were cut by 17 lodge residents.

Among the 80 guests at the party were Rev. and Mrs. A. F. Irving, of Trout Creek, and L. B. Boggs, of Penticton. Mr. Irving proposed a toast, expressing in his address, appreciation of Mr. Tasker's work and influence among his associates. Mrs. K. E. Hughes gave a short address on behalf of the guests and D. E. Godkin, manager at the home, spoke of his association with the honored guest and expressed appreciation for his help in getting the Lodge established.

Following the birthday dinner a musical program was presented by Mrs. Monica Craig Fisher featuring a ladies' quartette, Mrs. J. A. English, Mrs. J. A. Campbell, Mrs. F. Johnson and Mrs. C. Millwood.

Other very interesting activities and programs at Valley View Lodge included a showing of travel and nature films by the Penticton Film Council, a sacred concert by Mrs. Sylvia Peel assisted by members of the Bethel Tabernacle choir and orchestra, and a short program by the Penticton United Church Explorers. The girls of the latter group presented gifts of fruit to the lodge residents.

The residents are enjoying piano selections given by one of the guests, Mrs. G. F. Guernsey, who is well known in Penticton and has lately taken up residence at Valley View.

On Sunday, October 20, the Penticton Business and Professional Women's Club entertained the lodge guests at the annual drive followed by afternoon tea aboard the SS Seamus. Twenty-four of the home's residents were among those participating in the enjoyable event.

Thursday, October 10, the staff and several of the residents held a canning "bee" when 200 quarts of tomatoes were preserved for winter use. The tomatoes were

the gift of H. Fujita of Skaha Lake.

Services of worship were conducted during the month by Rev. Samuel McGladdery, Rev. Ernest Rands and Canon A. R. Eagles.

Two out-of-town visitors were entertained during October, Mrs. M. Francis, of Vancouver, and Mrs. Florence Moors of California. During her stay, Mrs. Moors took charge of morning devotions and conducted Sunday services on October 13 and 20.

On Wednesday, October 30, the monthly party was held to celebrate the birthdays of several residents, Mrs. F. Mellor, C. E. Green, Mrs. L. McIntyre, W. Ferguson, Mrs. B. Riddell, Mrs. R. A. F. Moore, Mrs. E. Corbushley, Mrs. E. LeGreeley, Mrs. H. Schindler and Miss Irene Popadymetz.

New residents welcomed to Valley View Lodge in October were Mrs. M. B. Gibbs and Mrs. M. Dorland.

When washing a duster, place one teaspoon of raw linseed oil or two tablespoons of kerosene in the last rinse water and hang it up to dry. The result—a "dustless duster".

HIGH SCHOOL CAGE SEASON OPENS SATURDAY NIGHT

The high school basketball season will open officially Saturday night.

Oliver high school will provide the opposition and three exhibition games will be played.

Intermediates play at 6:30, Penticton Lakettes meet Oliver Hornets in a girls tilt at 7:30 and Penticton Lakers tangle with Oliver Hornets in the final game at 8:30.

A \$5 door prize has been offered and a sock hop will be held following the final game. The Pen-Hi band will be in attendance at the games.

Lakers will take part in a high school tournament at Summerland high school Nov. 15 and 16 and open league play Nov. 30.

Leafs Accused Of Intimidation

TORONTO (CP) — The National Hockey League Players' Association has made its first bid for certification in Ontario and has accused the Toronto Maple Leaf owners of attempted intimidation.

The Ontario Labor Relations Board announced Monday it has an application to certify the association as bargaining agent or players of the Toronto Maple Leafs and scheduled a hearing for Nov. 18.

The OLRB matter-of-factly called the applicant "a trade union."

Not so, says New York lawyer Milton Mound whose firm has been dispatched — or is drafting — similar applications to government agencies in all six NHL cities. He was quoted as saying the association is dedicated to the welfare of past, present and future players, has no paid officers and no affiliation.

SMYTHE DRAWS FIRE

Mound also opened fire on Conn Smythe, Maple Leaf Gardens managing director, saying he tried to intimidate players during a private meeting Monday. The meeting, which also drew NHL president Clarence Campbell, Gardens' solicitor Ian Johnston and Stafford Smythe, chairman of the Leafs' hockey committee, broke up with no formal statement of what went on.

There was a report that the players would vote today on whether they want the association to act as bargaining agent. The reason for this vote, if it is scheduled, was not explained. Ordinarily, applications such as that sent to the OLRB already contain the results of an employees' vote.

Stafford Smythe claimed Monday the Toronto players knew nothing of the plan to seek certification.

"It must be a great union if they don't even let the members know what is going on," he said. **SOME ARE CONFUSED**

Right winger Ted Sloan, a Leaf player-representative of the association, said this was not entirely correct. He conceded some players may have been a little confused about what was going on.

Sloan also denied the association was a union and he said some teammates aren't partial to being labelled union members. He said the organization would not, for example, negotiate salaries.

The application to the OLRB said all Leaf players are paid up members. Stafford Smythe countered with a claim that "four or five" players told him personally they didn't belong.

On Sept. 23 the NHL club owners refused to negotiate salaries and working conditions with the association which replied with a \$3,000,000 anti-trust suit scheduled for a hearing in New York November 11.

James Enjoys Scoring Lead

VANCOUVER (CP) — Gerry James of Winnipeg Blue Bombers has applied a thick cushion to his Western Interprovincial Football Union scoring record.

The hard-running halfback added 19 points to his total in the final game of the schedule here Saturday night, scoring three touchdowns and a single as the Bombers defeated British Columbia Lions 42-19.

James thus finished the season with 131 points, 21 more than the previous record of 110 set by Calgary end Bob Shaw in 1952. He was reported Sunday to have fattened his total still more with a convert that would have given him 132 points, but a check Monday with the official scorer

Blue Bombers Hit Hard By Injuries

WINNIPEG (CP) — Injuries have sidelined three more Winnipeg Blue Bomber players for the season.

Halfback Leo Lewis suffered a torn leg muscle, and Cec Luining torn knee ligaments and guard Ed Kotowich a broken shoulder Saturday's game against B.C. Lions in Vancouver. Winnipeg won the game, last in the Western Interprovincial Football Union schedule, 42-19.

Bombers already had lost halfbacks Bob McNamara, Bob Davenport and Buddy Leake through injuries.

Bombers meet Calgary Stampeders here Saturday in the first of a two-game, total-point, home-and-home semi-final series. The winner plays Edmonton Eskimos for the league title and the right to represent the West in the Grey Cup final.

Dream Race to Become Reality

NEW YORK (AP) — A "dream race" involving the four top race horses in the United States became a reality Monday when the trainers of Gallant Man and Bold Ruler said their colts would go to Garden State Park to tackle Round Table and Dedicate in the Trenton Handicap.

The \$75,000 added Trenton will be run at a mile and a quarter next Saturday.

Dedicate, owned by Mrs. Jan Burke of New York and Miami, is a five-year-old handicap star, while the others have been battling all year for three-year-old honors. Not only is the three-year-old title at stake, but horse of the year honors as well.

Garden State already had Dedicate and Round Table on hand.

Etcheverry Signs With Als

MONTREAL (CP) — Sam (The Rifle) Etcheverry today signed a contract to quarterback Montreal Alouettes in 1958.

He was the first member of the Big Four football team to sign for next year. End Hal Patterson and coach Douglas Penhead Walker finish three-year contracts next season.

Terms of Etcheverry's contract were not disclosed. He came to the Alouettes from the University of Denver in 1952 as substitute quarterback for highly-regarded Fran Nagel of the University of Nebraska. Nagel was injured in a season training. Etcheverry, a over, and hasn't missed a

Clem Gets One-Year Contract

VANCOUVER (CP) — Directors of British Columbia Lions voted Monday night to retain Clem Crowe as coach of the Western Interprovincial Football Union team.

The club's 26 directors voted by secret ballot in favor of giving Crowe a one-year contract. The vote count was not announced immediately.

A club official said the directors decided "the most important aspect of providing a contending team is a continuity of coaches."

A change now would set back the team "by two years," he said.

In Crowe's second year as head coach, Lions this season finished in fourth place in the five-team league, two points ahead of Saskatchewan Roughriders.

The B.C. club won four games, tied one and lost 11 in 1957. The year before they won six and lost 10.

A report to the directors' meeting showed 1957 football attendance in Vancouver's 30,000-seat Empire Stadium dropped 26,000 from last year's 207,000, or 3,250 a game.

Crowe said: "I'm very happy to be going back next year. My greatest desire is to coach a winning club for Vancouver."

Crowe has been a career coach since graduating from Notre Dame in 1926. He has been an assistant at Xavier (Cincinnati) and Iowa universities, head coach of Buffalo Bills of the now-defunct all-America conference, and of Baltimore Colts of the National Football League.

He came here in 1955, Lions' second in the WIFU, as an assistant to head coach Annis Stukus. When Stukus was dropped at the end of that season, Crowe took his place. Prior to his arrival here he coached Ottawa Rough Riders of the Eastern Big Four.

ARENA SCHEDULE

TUESDAY, NOV. 5th
4:00 to 6:00 — Pups Hockey Games
8:00 p.m. — Vees vs. Vernon Canadians

WEDNESDAY, NOV. 6th
2:00 to 2:45 — Queens Parks School Recreation
4:00 to 5:30 — Jr. Figure Skating
6:00 to 7:30 — Vees Hockey Practice
8:00 to 11:00 — Sr. Figure Skating

CHADWICK HAUNTS HABS

Maple Leaf goalie Ed Chadwick shows little Halowe in spirit as he refuses to shell-out any goals during this goal-mouth scramble. Don Marshall, rear, and Marcel Bonin, right, are the hopeful Habs. Young Chadwick played the hottest hockey

of his career as Leafs upset the league-leading Canadiens 3-1. He made many miracle saves on shots by Probst, Beliveau, Geoffrion, Talbot and Pocket Rocket Richard. It was Montreal's third loss of the season and Leaf's third victory in nine games.

HALIMI, MACIAS MEET

Bantam Boxing Title On Line Wednesday

LOS ANGELES (AP) — After three years of confusion, the bantamweight boxing title will have an undisputed ruler Wednesday night when Alphonse Halimi of France meets Raul Raton Macias of Mexico at Los Angeles.

Macias, recognized as world champion in the 118-pound class by the National Boxing Association, is favored in the 15-round match at Wrigley Field.

More than 20,000 fans are expected to pay a gross gate of \$225,000. Each fighter gets a \$50,000 guarantee with Macias also having a privilege of a percentage of the gate.

Television will beam the bout across the nation but Los Angeles and a 300-mile area will be blacked out. The 10-point scoring system will be used.

Since Jimmy Carruthers of Australia retired as champ in 1954, there have been a series of disputes in the division. Macias won NBA recognition but Robert Cohen of France was crowned by Europe, New York State and most other sections. Cohen lost his share of the crown to Italy's Mario d'Agata who, in turn, lost to Halimi in April.

Macias' record is 31-1 with 19 knockouts. He was stopped once by Billy Peacock in 1955. Halimi has a 20-1 record with 12 knockouts. He also was stopped once by Jimmy Carson in London, June 4.

Archie Moore goes to the post for the second week in succession when he moves into Seattle for a Tuesday non-title scrap with Eddie Cotton. The light-heavyweight champ, fighting his endless battle with the scales, weighed 193 Thursday when he stopped Bobby Mitchell in Vancouver.

Joey Giardello, one of the high ranked middleweight contenders, boxes Wilf Greaves of Edmonton, at Denver tonight in a once-postponed bout.

NATIONAL HERO

Mexican Fighter Has Large Following Among Countrymen

ANAHEIM, Calif. (AP) — The main pressure on Mexico's Raul Raton Macias is the fear he will let his countrymen down when he fights Alphonse Halimi of France for the world's undisputed bantamweight championship.

The co-claimants of the title meet at Los Angeles' Wrigley Field Wednesday night in a 15-round televised bout.

Macias is a 23-year-old businessman-fighter, boxing being just one of his enterprises.

He owns real estate in Mexico, has starred in one movie and has offers to do more, and thanks to his advisor, Luis Andrade, a financially secure.

Thousands of Macias' followers have already crossed from the border towns of Juarez, Nogales, Mexicali and Tijuana, an invasion anticipated by promoter Cal Eaton. Most of the expected \$200,000 in gate receipts will come from the younger's immense Mexican following.

It will be for his people much more than the \$50,000 or so he'll collect that Raton will fight. He was a national hero even before he knocked out Chamrern Songkitrat of Thailand in San Francisco in March, 1955, to win recognition by the U.S. National Boxing Association as king of the 118-pounders.

Woman Seeks to Act As Second

DENVER (AP) — A woman fight manager's battle to get into the ring with her fighter between rounds heightened interest in the Joey Giardello - Wilf Greaves 10-round middleweight bout tonight.

Mrs. Jake Mintz, a sprightly grandmother, who inherited Greaves' contract at the death of her husband, went to the Colorado athletic commission offices Monday to apply for permission to act as a second during the fight. But she got no immediate action.

Greaves, a native of Edmonton, now fights out of Pittsburgh.

"The commission couldn't do anything today," a spokesman said, because one member, Dr. John Finesilver, is out of town.

He may be back tomorrow, but there may not be any decision until just before the fight.

"The commission rules say plainly a woman cannot act as a second, but I suppose the commission has the power to waive the rule if it thinks it is necessary."

If the commission says no, Mrs. Mintz will have to be content with a seat within hollering distance of Greaves' corner.

The 27-year-old Giardello, No. 3 nationally in his division, is favored to add Greaves to his list of victories, now standing at 78 in 93 engagements. He says he hopes to land a fight with champion Carmen Basilio "before I'm too old."

Greaves has youth on his side — he's 21 and has had only 22 professional fights. He's won 15.

Sputniks Fly High in Mixed Bowling League

Sputniks of the Inter-City Mixed Bowling League walked off with double honors last night when they compiled a triple score of 3,015 and a single game score of 1,070.

Individual honors were shared by Bill Lewko with a 760 high triple and Toby Emmerich with a 312 single.

Marion Lawce won the honor for the ladies with a 803 triple, game score and a 275 single game.

Summerland Host for Students Conference

SUMMERLAND—Seventy delegates from senior students' councils from Kamloops to the border attended the seventh annual conference held in Summerland high school Friday evening and Saturday.

These conferences are held to exchange ideas regarding extra-curricular activities.

Students were divided into four workshops on Saturday when business sessions were held from nine in the morning until three in the afternoon. One delegate from each school went to each workshop. However where more than one delegate had been sent, Rutland sent nine — a workshop might have several from one school.

Eddie Menu was chairman of the group dealing with school clubs; Eddie Matsui chaired the finance shop; Nan Solly headed athletics talks; and Dot Carston led the fine arts discussion.

Dr. T. H. Anstey, guest speaker at the banquet Friday evening, suggested in inaugurating a code of ethics for students and this was talked over in the workshops.

Ruby Gronlund was conference chairman and Phyllis Fabbri was secretary.

At the final meeting of the whole group on Saturday afternoon the constitution was amended to raise the school council fee from \$2.50 to \$5.00 to take care of increased conference expenses. This money goes to the host school.

Next year's conference will be at Rutland.

Students registered Friday afternoon. At 6:30 p.m. a banquet was convened by Dot Carston and grade 12 girls. Members of the school board, their wives, Reeve F. E. Atkinson and Mrs. Atkinson and Dr. and Mrs. T. H. Anstey were guests. Grade 11 girls catered and serving was by grade 10 girls. Joan Kilback was convener of the entertainment which included a fashion show with senior boys as models.

At a dance in the auditorium Saxie's orchestra from Penticton supplied music.

R. S. McLACHLAN, chairman of Summerland school board, district 77, guest at the banquet Friday evening in the auditorium, speaks of the board's interest and pleasure in having the

seventh annual senior students' council conference held in Summerland. On Mr. McLachlan's left are Mrs. E. E. Hyndman of Penticton, wife of the inspector for the district, and A. K. Macleod, principal of Summerland high school.

DR. T. H. ANSTEY ADDRESSES the seventh Senior Students' Council conference at the banquet held in the Summerland high school auditorium on Friday evening. Seated is Ruby Gronlund, conference chairman. Seventy delegates attended representing schools from Kamloops to the border.

City Council Approves Water Service Projects

Three domestic water service installations were the subject of recommendations to city council last night from the board of works. Irrigation and domestic water committees. All the recommendations were approved.

Accordingly the city is to install a water main on Kendall Road with a direct contribution of \$375 per lot from the three lots involved. Estimated cost to the city will be \$1,000. The \$375 charge, which does not include

the regular connection charge from the water main to the property line, was based on the estimated cost per lot of the eventually completed line.

Installation of a domestic water line on Granby Avenue is to be done as a local improvement under the council-initiative scheme. Also noted was a request for domestic water service to a newly subdivided lot on Hospital Hill Road. The applicant wished to

make a connection to the Newhope Benevolent Society service considering this justified in view of the absence of a domestic water main on Hospital Hill Road.

Council is to install a water meter on the newly-subdivided lot. The city is purchasing a light van from Kraft Motors for \$1,999 to be used by the city's meter readers. Kraft Motors was one of several city firms submitting tenders for supplying a light van.

HONORARY DEGREE

James Stewart, whose first Canadian job was that of a janitor clerk in a small town branch of The Canadian Bank of Commerce has been made an honorary doctor of laws by the University of British Columbia. On formal occasions — but only then — James Stewart will rate an LL.D. to accompany the C.B.C. he was awarded as administrator of services for the War Times Prices and Trade Board. Former president and now chairman of the board of the bank he joined 43 years ago. Mr. Stewart was a member of the Royal Commission on Broadcasting, which completed a year and a half survey of Canadian radio and television last spring.

Curb, Gutter Work Completed for '57

Laying of sidewalk on Martin Street from the city hall property to Lakeshore was a cross-over installed on Winnipeg Street, completes Penticton's 1957 curb and gutter program, City Superintendent E. R. Gayfer reported to city council last night.

Blacktopping of cable strips in the business area where new work was carried out, is now underway along with installation of a storm drain in the lane east of Main Street.

Domestic water crews have completed installing of a new main on Orillon Street except for backfilling which is now underway.

During a check of the domestic water intake at Okanagan Lake it was discovered that wave action had displaced the inlet gate. This was repaired by sink diver Dick Perkins. No cause was found to a leakage of water into the intake pipe, however, but leakage is not sufficient to warrant extensive investigation now. A further check will be made next year.

Irrigation work included release of the remainder of water stored at Penticton No. Two dam and inspection of the gate, clearing of an accumulation of gravel from the Little Creek intake and repair of the spillway openings in the Penticton main flume just north of Okanagan Avenue.

their check will be made next year.

DAILY CRYPTOQUOTE - Here's how to work it:
is AXDYLBAAKR
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

ZXOX EU GN UNVOV EG ZSVX

Yesterday's Cryptogram: CANNOT THE HEART IN THE MIDST
OF CROWDS FEEL FRIGHTFULLY ALONE? - LAMB

Distributed by King Features Syndicate

CONTRACT BRIDGE

By B. Jay Becker
(Top Record Holder in Masters' Individual Championship Play)

North dealer.
Both sides vulnerable.
The bidding:

NORTH
1. A Q 10 8 3
2. K 6 2
3. A 5 4 3

WEST
1. K 10 8 5 2
2. 8
3. 7 9

EAST
1. K 9 5 2
2. Q 7 4 3
3. 10 7 6

SOUTH
1. J 6
2. A J 9
3. A 8 7 5
4. K Q 8 2

The bidding:
North East South West
1. Pass 2NT Pass
2. Pass 3NT Pass

Opening lead—five of hearts.
Without conventions all would be turmoil. A convention may be described as an agreement among players that certain bids or plays have a certain meaning.
Conventions are a part of bridge which everyone takes for granted, consciously or not. An opening one notrump bid to show 16 to 18 points is an example of a convention pretty uniformly recognized. The Blackwood convention, the lead of the fourth best, and innumerable other conventions have become an integral part of good bridge.
Adherence to conventions produces good results in the long run, whether in bidding or play. In today's hand is illustrated a defensive convention that comes up all the time.
Declarer took East's queen of hearts and led the jack of spades which lost to the king. East must follow suit, but the question is which one.
The proper return is the three of hearts. This is in line with the convention that when you return the suit your partner led you play back the card which was originally fourth best of the suit.
Observe the effect upon West. He now knows you started with four hearts. Since he originally had five hearts, dummy one, and your four, he does not have to be a mathematical genius to deduce declarer started with exactly three.
West therefore wins the nine of hearts with the ten and continues with the king to catch declarer's jack. Both his remaining hearts are tricks; and the contract is down one. Of course, the seven of hearts was dropped on the king so that the suit would not get blocked.
Suppose, though, you had returned the seven of hearts (your highest) instead of the three. West would win the nine with the ten but could not tell whether to continue with the king. He might fear declarer's original holding was A-J-9-3 and shift to another suit.
One other thing. Partner won't misread the three as indicating an original heart holding of Q-3. That would give South A-J-9-7-4 and he would have bid the suit instead of two notrump.

Tomorrow: The importance of conserving trumps.

BEHIND THE SCREEN

Housewife Monroe Almost Well Again

By BOB THOMAS

NEW YORK (AP)—Almost recovered from the loss of a baby, Marilyn Monroe says she is eager to get back to work—and also to have a big family.

In her new apartment, Marilyn displayed a svelte figure in a light, beaded white dress which emphasized her loss of weight since her miscarriage in August. "I'm almost well again," Marilyn said in her usual breathless style. "I don't quite have all my energy back, but it's returning bit by bit."

PRIVATE ACTING LESSONS

"I've started going back to the actor's studio, to observe and see to take private lessons from Lee Strasberg. I'll be ready to go to a picture, though I don't know if it will be Blue Angel, as the studio has announced. I haven't seen the script yet.

"Arthur Miller (her husband), and I are also busy with our new arm—we bought 200 acres in Connecticut. We have just a farm house on it now, but we're going to build a house.

"Frank Lloyd Wright is going to design it for us, and he'll go up there with us the next time he's in town. We'll need a house with plenty of room. We have

two children—Miller's by a previous marriage—and there'll be plenty more."

TASTEFULLY DECORATED

Marilyn and Miller live in a tastefully decorated apartment filled with modern paintings and sculpture and hundreds of books.

I commented that she looked like a teen-ager with her slim figure and dewey look.

"That's just because I'm not wearing any lipstick," she said. "As a matter of fact, somebody at Fox sent me a script that would have had me playing a teen-ager. I sent it back with the comment that I had hoped I was progressing as an actress and didn't want to go back to playing teen-agers."

Does she miss California?

"I miss the weather, definitely," she replied. "I also miss a few—emphasizing few—of the people there. But I'm very happy with what I'm doing here. I keep very busy."

One of the roles she enjoys playing, she remarked, was that of Mrs. Arthur Miller.

"I enjoy being a wife," she said. "I like to go in the kitchen and thumb through the cook book to find something that looks interesting."
